# To Our Friends, Greeting.

As we hand you our TWENTIETH ANNUAL SEED BOOK, it is like shaking hands with old friends, for many of you have been with us from the beginning. We heartily thank you one and all for your liberal patronage in the past and ask for your continuance so long as we give you the BEST SEEDS at the right prices. ALNEER'S SEEDS are always the RELIABLE and MONEY MAKING SEEDS.

Some seed crops this year are very short, particularly Cucumbers, Muskmelons, Watermelons, Peas, Beans, Squashes, Pumpkins, Tomatoes and Sweet Corn. The cucumber crop is the worst in thirty years. Prices this year on nearly all these will be a little higher but we have made them as low as we possibly could. Our advice is, order early, as some of these will be so short, that late in the season we may not be able to furnish them.

We want your trade and it will be to your advantage to buy from us, for we can SAVE YOU MONEY. Send in your orders as early as possible.

Thanking our friends and patrons for their kindness and liberal orders in the past, and soliciting a continuance of the same. Send in your orders as early as possible, and induce all your neighbors and friends to join their orders with yours, and all send for ALNEER'S RELIABLE HIGH GRADE TESTED SEEDS.

Yours Very Truly,

ALNEER BROTHERS.

**Seeds Given Away, or Extras.** Every year we distribute free to our customers large quantities of seed packets of choice and rare sorts. The larger the order the greater will be the number of extras thrown in as a rule, exceptions being made only when heavy bulk seeds are ordered such as farm seeds.

**OUR PACKETS.** We guarantee that our packets are large size and well filled with choice, fresh seeds. Our customers say that our packets are larger and better filled than most seedsmen's packets. We have no half size packets.

**What we Warrant.** We believe that the seeds we offer are excelled by none in the world, yet our practical experience of many years fully assures us of the fact that crops may fail no matter how fresh and pure the seeds sown to produce them may be. Therefore, while we exercise the greatest care to have all seeds pure and reliable, it is hereby mutually agreed between ourselves and the purchaser that we are not in any respect liable or responsible for the seeds sold by us, or for any loss or damage arising from any failure thereof in any respect, further than that should they not prove as represented, we will refill the order without charge.

**Our Prices** have been placed as low as possible for first quality and honest seeds besides the many Extras we shall continue to freely throw in

**Seeds, Bulbs and Plants Free by Mail.** All seeds, bulbs and plants are sent free by mail or express at prices quoted to any part of the United States unless otherwise specified except seeds by the 1/8 bushel, 1/4 bushel, 1/2 bushel, and bushel, which are sent by express or freight at buyer's expense. In such instances we reserve the privilege of enclosing in the bags or packages such small packets as may be ordered, as it does not increase the transportation charges, and, in consideration of this we will add enough extras to fully repay our customers for this kindness.

**HOW TO SEND MONEY.** The money must accompany the order, and can be sent safely by Registered Letter and Express Company's Money Order. Please do not send individual checks, as it costs 25 cents extra to have them returned to your bank to be cashed. We disclaim all responsibility when remittances are not made as above directed.
